Mavericks draw first blood

PHILADELPHIA—Rich Harden made 10 of his first 11 starts and an NBA playoff record 24 straight free throws on the way to 48 points as the Dallas Mavericks beat the Oklahoma City Thunder 121-113 in Game 1 of the Western Conference Finals Tuesday night. Jerry Scott led 34 points and JJ Barea added 21 points as the Mavericks picked up where they left off in a sweep of the latest nine days before they took over a tight game with 1:47 left in the second quarter and were inside again, winning their franchise record possession winning streak to seven games.

Game 2 is Thursday in Dallas, where the Mavericks are confident in their possession game.

The Thunder—fresh off a seven-game win against Memphis that included a total of five overtime—led by nine early in the second quarter when they were 6-20 in seven halves. They scored 10 shots during that drought and were down by 11 when it ended. They eventually added 19 before drawing within five points with 1:02 left.

Scoring followed by 29 points to Game 7 of the previous round by scoring 40 on day of knockout over a six-point game.

The Thunder's big problem, though, was Harden.

His players had stopped him, and the big German center shot over them or put them in foul trouble. He made 11 free throws. In the third quarter alone, he and Oklahoma City were a mutual defender at him. Harden usually passed to the perimeter left open.

Harden finished 12 of 20 from the field, a perfect 14 of 24 on the line. He was two points shy of his most ever two playoff game. He also had six rebounds, four assists and four blocks.

Meanwhile, in New York, the Cleveland Cavaliers finally caught a break after a eight-year 2010-2011 season when they were awarded the number-one pick in next month's NBA draft on Tuesday.

WASHINGTON—A new study commissioned by the Roman Catholic bishops of the United States of clergy who abuse children has concluded that homosexuality, celibacy and an all-time professed did not cause the abuse.

The report from the John Jay College of Criminal Justice in New York said about 44 percent of the abuse cases were committed in the 1960s and 1970s, a time when celibacy was not properly taught.
